

Hello from NFADB ~

The National Family Association for Deaf-Blind has been supporting individuals who are deaf-blind and their families for over twenty years. We would like to invite all families, consumers, professionals and organizations to become a member of this incredible organization. Your membership helps NFADB fund national advocacy efforts, educational programs, publications, a national symposium and direct family support.

Member benefits include:

- Access to other families, support and online resources through a toll-free telephone number, our website, a member email listserv and our Facebook page
- Current information and national updates dissemination to all NFADB members
- Potential participation in a national training opportunity

In addition, NFADB represents families on the National Coalition on Deaf-Blindness by providing a unified voice on national issues related to deaf-blindness. We continue to expand and support a national NFADB Affiliate Network that supports state parent groups as they develop and grow. We can also help families access the services of the State Deaf-Blind Projects, the Helen Keller National Center and the Deafblind Citizens in Action.

*Raising a child with deaf-blindness can be overwhelming. The family is there when the child's eyes first open in the morning and then close again at the end of the day. Family is the first circle of support. **We want families to know that they are not alone.** We are expanding our network of support so no individual or family feels alone.*
